Interviewer: M. Fadhorszky  
Place: N.Y.C.  
Date: \_\_\_\_\_

1. PERSONAL INVENTORY

1. Respondent's name: Code 14-F
2. Age: 21
3. Sex: Female
4. Marital status: single
5. Religion: Protestant
6. Birthplace: Keszthely, Hungary
7. Spent most of her life: same city
8. Just before the revolution respondent stayed in Budapest, Nepszinhaz St. 22
9. Ever abroad:
10. Military service:
11. Education: High school graduate. After that eight month training course for chemical laboratory technician, and two month training course for public health service... interrupted by revolution.
12. Occupation: 1955 to 1956 as chemist laboratory technician at Keszthely.
13. Parents: Both living in Keszthely. Father 55, mother 51.
14. Respondent has one sister with parents, age 27.
15. Children: none
16. Left Hungary: November 23, 1956
17. Arrived U.S.: December 22, 1956.
18. Has stayed at Camp Kilmer, then Bard College, and N.Y.C.
19. Immediate plans: Received scholarship. She wants to become physical ed. instructor.

20. Respondent has had only a routine interview with the Austrian authorities, and with the \_\_\_\_\_ service before immigration. These interviews took place in Austria.

21. Other languages: Reads and writes Russian, but does not speak it. Three weeks English at Baró College.

Subject's background is lower middle class. Very comparatively little scholastic education as she has only high-school and a short laboratory technicians course, but decent family life. She spent most of her life in a small provincial town in Hungary and, as a result, as preserved much more of her femininity and is much less sophisticated and is less hard-boiled than the other girls from the city. She is extremely mature for her age and has a sound judgement. Intelligent and keen interest in politics.
